This trail was not an original route to the cemetery, the road you follow out when you get there is thought to be. To start this trail it is located near the toilet facilities at the North side of the Richfield Courthouse, there is a short steep climb here but will soon level off, the trail is only about 600 metres long to the cemetery and the road out to the Waggon Road is an additional 1.5 km. Turn Left at the bottom of the hill, and Barkerville is just around the corner.

Dogs must be kept on leashes on Barkerville back road and when horse drawn wagons are using the road between Barkerville and Richfield.
